IFS Hifz Programs

Islamic Foundation School

2018-2019

Purpose:

Islamic Foundation School has a mission to provide the children of its community with not only a strong academic curriculum, but also one that is strong in promoting Islamic principles, values, and knowledge. To achieve this, IFS has built in instructional time and meaningful planned activities that help strengthen our students' Islamic knowledge and ways of applying Islam into their everyday lives. While the provided Islamic related instructional time fits the needs of many of our students, there is still a group of students for whom the allotted time is inadequate. In order to reach the needs of all of our students, IFS has created a Hifz program that will enable those students to not only progress academically at their developmentally appropriate age, but to also have an opportunity to have time to memorize the Qur'an.

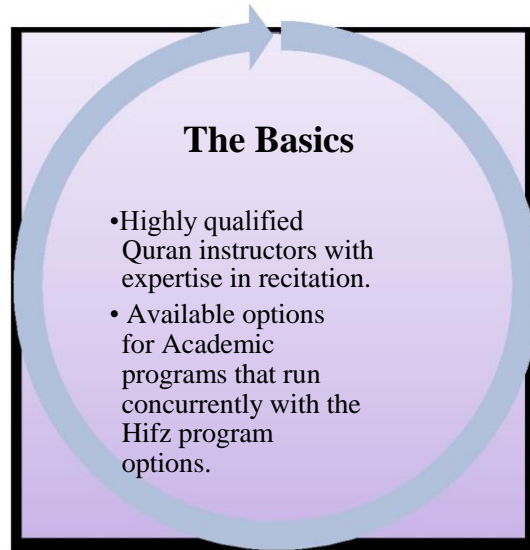

Mission and Vision:

The focus of this program is the proper recitation and memorization of the Qur'an. We believe that the act of recitation, review, and memorization is a transformative process that strengthens one's core belief and practice of this sacred religion. We also hold that this is a step towards learning the sciences of the Quran, which are very expansive and comprehensive. We hope that our students continue to learn and study the other sciences of the Quran. Abdullah ibn Amr ibn al-As (May Allah Be Pleased with Him) stated that the Prophet (Peace Be Upon Him) stated: "To the person with the Quran, it is said, 'Recite and ascend! Recite just as you used to recite in the world! Your station will be at the last verse you recite.'" (Abu Dawud, Tirmidhi, and Nasai)

 - ✓ Quran Vocabulary – high frequency words will be introduced along with their root words to assist students in the memorization.

- ✓ The hifz teacher will grade the students as they do routinely for all students in their class.
- ✓ Students will be graded on the following components:
 - ✓ Hard work and motivation

- ✓ Harakat of the words
- ✓ Word Pronunciation
- ✓ Tajweed
- ✓ Fluency
- ✓ Completion of Homework (most homework will be assigned on the weekends and breaks): It is the student's responsibility to complete assigned homework. The homework will be assigned on an individual basis by mutual agreement between the parent, student, and teacher.

- ✓ We realize that each student has a different learning and memorization pace, as well as different ability levels (with regards to previous Quran memorization, Arabic fluency, and knowledge of tajweed rules) present in the class composition. Students will be required to progress at a pace that is reflective of their own ability and comfort level.
- ✓ Keeping the above mentioned differentiated instruction pedagogy in mind, there are minimal requirements that each child must complete by the end of 2018-2019 -year end.
 1. **Dual Hifz students** must complete the memorization and examination of 3 new Juz (not previously memorized).

Students are expected to regularly complete their assignments. Most of the new lesson can be completed in class, and the home portion is a review and mastery of this material.
- ✓ Summer Program: A program like this will require students to be in session during the summer, to help ensure that the memorization and review do not lose its tempo. A monthly fee will be charged to cover the expenses of the summer program, through FACTS or be paid in full in the parent/guardian does not have a FACTS account. This program is mandatory for Dual Hifz students.
- ✓ Program Materials: There may be a fee for class materials as set forth by this program. This will be assessed through the parent/guardian FACTS account or covered in the registration fee.
- ✓ Afternoon Snack: The school will have its hot lunch available for purchase during lunch, however, after school there may not be any option for students to purchase a snack.
